February 2004

To whom it may concern:

Damiano Barile Engineers located in White Plains, New York has a long-standing professional relationship with Sammel Architecture.

As our Mechanical and Electrical engineers for a number of projects, Damiano Barile Engineers have proven to be reliable, conscientious and have always demonstrated their ability to produce documents on time and as per the project's time schedule.

If you require any additional information, please feel free to call me.
